

UPS® shipping solutions built for success

Logistics is vital to running projects smoothly. From proposals to design to construction, you need a reliable shipping partner so you can focus on the task at hand. Whether you're sending contracts to win the job, drawings and blueprints during the planning phase, or materials and parts to implement them, count on a wide variety of time-definite, guaranteed delivery options from UPS – including express, ground, freight and international services.

Plus, technology solutions from UPS make shipping easy. Compare service options, create shipping labels and schedule a pickup with UPS Internet Shipping, get up-to-date information about shipments with Quantum View®, and manage and pay your invoices at the UPS Billing Centre.

Best of all, program members get valuable discounts with the UPS Members Benefit Program, even if you already have an account! There are no costs or minimum requirements to take advantage of this valuable member benefit. See how you'll save:

- 40% off shipments within Canada
- 40% off shipments to the U.S.
- 40% off shipments to worldwide destinations
- 40% off imports into Canada
- At least 80% off heavyweight, LTL shipments
