

*Leslie Anne Bateman, P.Eng.
Engineers Nova Scotia
Bachelor of Law
Dalhousie University*

TD Insurance Meloche Monnex Scholarships

Having received her Bachelor's Degree in forest engineering, Leslie is now undertaking a Bachelor of Law Degree at Dalhousie University to complement her previous degree, thus enhancing her ability to contribute to society.

Focusing on the development and implementation of public policy, she understands that long-term economic, employment and industry growth will require high levels of organization, accountability and transparency within industrial organizations, supported by focused public policy. She sees that law and engineering are both concerned with public welfare, and looks forward to applying her skills to the development of sound public policy and to do work that is significant and that has broad positive affects.
