

Chief Executive Officers Group Report to the Board

Lia Daborn, CAE

Chief Executive Officer and Registrar, APEGNB

October 5, 2023

Background

- The CEO Group met all day on October 3.
- We had representation from all Regulators and welcomed Patrick Savard as the new Director General of OIQ.

Agenda items of note

The Group discussed the following topics:

- Technicians and technologists and limited licensure issues
- Update on AB P&P committee
- Mutual recognition of regulator CPD requirements
- Business class air travel for EC Board Volunteers
- Consultation Program Check-in

Mutual recognition of regulator CPD requirements

- CEOs agreed in principle that they should work to move towards mutual recognition of CPD programs
- APEGA to initiate a potential MOU for mutual recognition of CPD programs amongst regulators

Business class air travel for some EC Volunteers

CEOs inquired whether this policy:

- is the best use of EC resources
- creates inequity in the treatment of volunteers

especially considering the budget reductions that are being considered in today's agenda.

Questions?

Thank you

Lia Daborn
