

Chief Executive Officers Group Report to the Board

Pal Mann, P.Eng.

Chief Executive Officer and Registrar, Engineers Nova Scotia

September 29, 2022

Background

- The CEO Group met over two days on September 27 and 28.
- We had representation from all Regulators except OIQ.

Agenda items of note

The Group received presentations/updates on the following topics:

- Being a Stronger/Modern Regulator and the relationship with Advocacy
- Review of Engineers Canada Environmental Scan
- Possible strategic plan synergies
- DRAFT 2023 Consultation Program
- Technicians and technologists and limited licensure issues

Agenda items of note (cont'd)

- Update on AB P&P committee
- Generative discussion: How do regulators influence CEAB?
- Update on SP 1.2 *Strengthen Collaboration & Harmonization Consultations*
- Update on SP 2.1 *Accelerate 30 by 30 Update – Employer Engagement Strategy*

International Student Exchanges

- The CEO Group feels the Board should get a commitment from the CEAB to produce the requisite interpretive statement on this matter by this December, at the latest.

Farewell Johnny

The CEO Group reluctantly acknowledged the impending retirement of PEO Chief Executive Officer and Registrar, Johnny Zuccon. We would like to recognize his invaluable contribution to the engineering profession over more than 26 years with PEO, the last 4 as CEO. We wish him well on his upcoming retirement. His subtle views on everything engineering will be missed.

Questions?

Thank you

Pal Mann
